EDUCATION

- **ETU** Saint Petersburg, Russia
Master of Engineering in Machine Vision Systems & Technologies
Sep. 2026 – Present
- **ITMO University** Saint Petersburg, Russia
Bachelor of Engineering in Design and Technology of Electronic Devices
Sep. 2021 – Jun. 2026

EXPERIENCE

- **Sovcombank** Saint Petersburg, Russia
Data Analyst
Sep. 2025 – Present
 - **Data Pipelines:** Build pipelines that automate processing and transformation of data before analysis.
 - **Data Extraction:** Extract data from databases, warehouses, data marts and other sources.
 - **Data Preparation:** Preprocess, clean and prepare data for downstream analysis.
 - **Presentations:** Prepare and deliver presentations of analysis and modeling results.
 - **Reporting:** Build and maintain regular reporting and dashboards in Power BI.
 - **Risk Testing:** Run Monte Carlo risk-testing of the bank's credit portfolios.

COURSES & TRAINING

- **YADRO AI School** ITMO University
9-month program in AI and machine learning
2024 – 2025
- **Network Technologies Fundamentals** ITMO University & D-Link
4-month program in computer networks
2024

PROJECTS

- **Why Colliding Blocks Compute Pi:** Talk at ITMO University on the mechanics behind blocks whose collisions count the digits of Pi.
- **Qudits in High-Dimensional Quantum Spaces:** Talk at an ITMO quantum seminar on qudits and higher-dimensional quantum systems.

PROGRAMMING SKILLS

- **Languages:** Python, SQL, JavaScript, C, Bash
- **Libraries & Frameworks:** NumPy, Pandas, Scikit-learn, PyTorch, FastAPI, Django, React
- **Tools:** Git, Docker, Jupyter Notebook, Linux

ADDITIONAL

- **Languages:** Russian (native), English (C1)
- **Interests:** algorithms, math, physics, machine learning, NLP, science fiction; fencing, badminton, cycling, table tennis, piano and guitar
